Technical features

Description: Disposable beard cover.

Latex-free elastic band.

Material: Polypropylene non-woven fabric.

Weight: 10 gsm.

Dimensions: 46 x 25 cm.

Color: Blue.

Packaging: cartons of 2000 units.

Subpackaging: polybags of 100 units.

Advantages

Enhanced hygiene: the beard cover limits the shedding of foreign particles, thus reducing the risk of contamination of products or surfaces.

Simplicity and easy to use: single-use, it requires no maintenance, prevents cross-contamination, and is quick to put on.

Comfort and adaptability: lightweight and with latex-free elastic bands to reduce the risk of allergies, it easily adapts to different face shapes without hindering work.

Conformity

Not a PPE.

Cleaning product.

This product is not personal protective equipment or a medical device, but a cleaning product; do not use it against hazards that could threaten the user's health or safety.

When working in certain sensitive environments such as food processing or electronics, it is generally mandatory to remove all personal decorative items: rings, necklaces, bracelets, etc.
