>> Advantages

- ✓ Very light weight (aluminium; 85 g).
- ✓ All the karabiners pass the salt spray test for 72 hours against 50 hours as required by the European standards. Thus we maintain a higher benchmark against corrosion.
- ✓ The outer and especially interior edges of the karabiners are perfectly smooth.
- ✓ **ISO 9001** certified manufacturing

>> Conformity

This product has been tested according to the following European standard:
EN 362: 2004. Personal protective equipment against falls from a height. Connectors.

It complies with European **Regulation (EU) 2016/425** on Personal Protective Equipment (PPE). **Category III**.
